Subject: Therapeutic Services Grant

Vickie,

My therapeutic services providers will no longer be getting the grant that they have been receiving to off-set CAGNETS cost to provide therapeutic services to our students. We have been getting those services for \$47,500 for the year. That is for four gnets sites with three of those sites receiving therapeutic counseling services from LPCs 2 days per week and my smallest site (McIntosh) receiving services 1 day per week. Since they will not be receiving the additional grant that has been assisting with the cost of these services, it will cost CA GNETS \$70,000 to receive the services for school year 20-21. Can we receive an increase in the amount of money we currently receive from the therapeutic services grant to \$70,000 for the 20-21 school year. I know that money is tight, but I can assure you it is being well utilized at Coastal Academy. Is there an application process? I would be glad to complete it and submit.

Please let me know

Lisa Futch
